#### JP ENTERPRISES

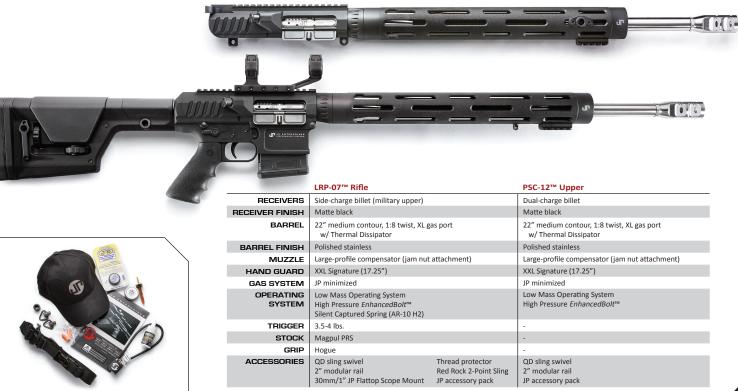

# READY RIFLE PROGRAM

Built with the same attention and top-notch JP components, JP Ready Rifles are popular, recommended configurations available to fit any AR shooter's sport or lifestyle. **Ready Rifles** are available to ship within one week of final payment and FFL receipt. Models can also be reconfigured as a featureless rifle compliant with California law upon request.

To ensure immediate availability, no changes or substitutions are available to **Ready Rifle** configurations. Any modification will result in a longer lead time. Configurations and components are subject to change, so check our most current offerings at jprifles.com.

JP ENTERPRISES

The simple goal of the JP Ready Rifle Program is to put a top-of-the-line JP rifle in your hands as fast as we possibly can. After all, long lead times aren't what make our rifles so impressive; their proven results are. So why should you wait? If you have a match coming up, a hunting trip just around the corner or if you just want that new JP in your hands now, then we can make it happen.

Our **Ready Rifles** are several set configurations that represent our most popular rifle builds with purpose-driven selections to run the full gamut of sporting and duty needs. Every **Ready Rifle** is identical to our one-off custom builds.

See more on about our current **Ready Rifle** offerings at **jprifles.com**.
